S-MX 5 WATERPROOF BOOT / S-MX 5 BOOT

PERFORMANCE RIDING

SIZES PRODUCED: 36-50 EUR CORRESPONDING TO: 3.5-14 US

\$ 249.95 (WATERPROOF) / \$ 219.95

All-Round Protection Durable, high-tech micro-fibre upper construction offering a high level of flexibility. Double injected PU shields the shin, ankle, calf, toe and heel from impact while minimizing abrasion. Inner protection is given by a double injected panel connected to the heel counter, hidden beneath the outer shell and running up the outer ankle. Quick drying polyamide lining is laminated with open cell foam and high density contoured padding to absorb shocks to the foot area. The S-MX 5 boot is CE certified. -- Innovative air vents at the ankle, heel and forefoot are covered with a specially designed mesh to provide unmatched levels of rider comfort. Large 'throat' profile in step and Achilles flex

bellows for superior flex and comfort. MTP mesh liner and anatomical, removable, PU foam footbed keeps the foot cool and comfortable. A fully vented version is also available in Black. -- Innovative inner (medial) side entry opening/closure system that features an elastic mounted zipper with an extra wide Velcro® flap, to give a precise, comfortable fit and wide opening aperture for ease of access. Highly ergonomic, lasting for ultra precise fit. -- Protection Exclusive compound rubber sole features structured shank reinforcement for added support to the arch area. Interchangeable bi-injected PU toe slider with snap-in assembly.
