CE Level 2 Bionic Back Protector. -- CE Level 2 protection means this protector offers double the impact performance of a CE Level 1 protector. CE Level 2 Impact performance (under 9kN of average transmitted force) in accordance with EN 1621-2. -- DFD (Dynamic Force Dispersion) Technology: this protector is reduced in thickness and in weight: 15mm thinner and 130g lighter than previous models. -- Ergonomic 5 plate construction contours to

the natural curve of the back. Plates lock to lessen overextension of the back. -- Construction allows excellent shock absorption, even in repeated impacts, but allows a thin, light, and substantially breathable core. -- The airflow has been designed that even if the protector is pressed hard against your body, air will still flow through from the top to the bottom. -- Adjustable shoulder straps. -- Wide waist belt with thermo-formed protection at the sides.
